

The Nation's Leader in Ancillary Income Management

Bitcoin Kiosk Program

Overview:

EPM is excited to offer a cutting-edge new solution for your patrons in the form of Bitcoin Kiosks. Now more than ever customers are demanding a fast, easy and familiar way to buy/sell cryptocurrency. The cash only machines service this segment directly and provide your patrons a secure way to transact. Whether it is a convenience store, supermarket or shopping mall, EPM has built a national partnership that can provide these revolutionary machines for your portfolio. Our goal is to not only generate long term passive revenue, but also provide your patrons with an alternative method to handle their financial needs.

Features:

- Guaranteed monthly base rent.
- Free marketing of kiosks for location via mobile application advertisements.
- Increased foot traffic to your assets.
- Increase cash transactions at existing standard ATM machines in store.
