

The Nation's Leader in Ancillary Income Management

ATM Program

Overview:

The location and placement of your ATM can vary depending on property type. For this reason EPM offers a variety of ATM options from in-wall units, to custom free standing models, and even convenient drive up kiosks. Whether it's retail or hospitality, to large entertainment venues, EPM has a solution for every property in your portfolio. Our ATMs are the best looking in the business, with full customization and design options tailored to your specification. We also have a large selection of existing models to choose from. Our goal is to not only generate long term revenue but also provide your patrons with a safe and secure way to access all their banking needs.

Program Benefits:

- Turn Key ATM solution, we handle everything!
- Variety of ATM options available including full customization.
- Average of 7-10 days to complete installation
- Monthly transaction reporting and updating
- Nationwide availability and support
- No cost management with a single point of contact for all ATMs
- Revenue share model for long term monthly recurring revenue
